🔔 PROCLAMATION OF FIRST NATIONAL PROJECT

I, Chief Daniel Jacob Read IV, do hereby declare on behalf of the Restored Kalapula Nation that the first official act of our sovereign tribal government shall be the creation of a universal, no-cost healthcare system for all enrolled Kalapula citizens.

Let it be known to every tribal member, descendant, and future child of this Nation:

You will be protected. You will be cared for. You will not be forgotten.

This shall be recorded as National Project No. 001.

🛡️ PURPOSE AND PRINCIPLE

We do not wait for recognition to fulfill our duty.

We do not ask permission to protect our people.

We act — because we are sovereign.

We act — because no one else did.

This initiative is not symbolic.

It is sacred.

🩺 PROJECT OBJECTIVE

To ensure that every recognized member of the Kalapula Nation receives access to comprehensive healthcare — at no cost — as a birthright of tribal belonging.

📐 INITIAL PHASE – IMPLEMENTATION STEPS

1. Enrollment Verification – Confirm all active tribal citizen records.

2. Plan Design – Build a healthcare model integrating modern and ancestral wellness.

3. Kalapula Health Trust – Launch a sovereign trust to underwrite the cost of care.

4. Coverage Partnerships – Form agreements with ethical providers or create our own.

5. Launch Access System – Establish portals for members to enroll and activate care.

📜 LEGAL FOUNDATION

This sovereign act is protected under:

- UNDRIP, Article 24 – Right to traditional health and medicine
- The First Amendment, U.S. Constitution – Cultural and religious freedom
- AIRFA, 1978 – Protection of Indigenous healing rights
- Tribal Law – Kalapula national authority

🕊️ FINAL DECLARATION

We rise as a Nation not only in name, but in action.

We declare this as a living law of the Kalapula people.

Filed in remembrance,

Declared in flame,

And sealed in protection of the descendants.

🪶 So it is written.

🕊️ So it is now law.
